

PHYSICS GRE PREPARATION

Remembering is not solving.

Retrieve. Discriminate. Transfer.

Spaced retrieval

Interleaving

Productive failure

The Experience

**Research
liberty**

**Independent
ownership**

**Technical
responsibility**

Build on what works.

Existing Anki foundation

A mature study engine.

- Rust scheduler
- FSRS retrievability model
- SQLite storage
- Years of existing behavior

pgrep extension

Extend responsibly.

Preserve core signals

FSRS state and scheduler stay authoritative

Ground new problems

Corpus-backed generation with named sources

Make quality testable

Provenance checks and gold-set evaluation

pgrep
